

## **Biden-town"**

Well we're living here in Biden-town  
And they're closing us economy down  
Out in Sanfrancisco they're killing time  
Filling out forms  
Standing in line  
Well our fathers fought the Second World War  
Spent their weekends on the Jersey Shore  
Met our mothers in the USO  
Asked them to dance  
Danced with them slow  
And we're living here in Biden-town

But the layoffs were handed down  
And it's getting very hard to save

Well we're waiting here in Biden-town  
For the America we never found  
For the promises our teachers gave  
If we assumed student loans  
If we behaved  
So the graduations hang on the wall  
But they never really helped us at all  
No they never taught us what was real  
family and stability  
And we're waiting here in Biden-town

But they've straddled us with trillions of future debts  
And the union people crawled away

Every child had a pretty good shot  
To get at least as far as their old man got  
But something happened on the way to that place  
They burned an American flag in our face

Well I'm living here in Biden-town  
And it's hard to keep a good man down  
But I won't be getting up today

And it's getting very hard to stay  
And we're living here in Biden-town
